

Professional Science Master's Degree in Molecular Biosciences
Approved Student Committee Members
2017-18

Select a minimum of 3 faculty to serve on your committee following these guidelines:

- Select at least one committee member from Group I
- Select one additional committee member from either Group I or II
- Select third committee member from Group I or II or III
- *Optional 4th Committee Member* – Select from Group I or II or III or IV

NOTES: 1. *It is recommended you select one committee member from either **Group I or II during first semester in program.***
 2. If two committee members are related to each other (eg: married), a fourth faculty committee member is required.

GROUP I – SMB Tenure/Tenure-Track Faculty (eligible to be committee chair)

GROUP III – WSU Graduate Faculty from other departments

The third committee member may be a faculty member with Graduate Faculty Status from another department at WSU. To confirm eligibility, please contact Tami Breske at tamara.breske@wsu.edu

GROUP IV – External to WSU

PhD level scientist or graduate faculty at another institution may be considered. Members from this group may only serve as a **fourth** committee member. External committee approval procedure must be followed. For information contact Tami Breske at tamara.breske@wsu.edu

PSM Bylaws: Section VI; page 7 (approved September 2017)

VI. PSM-MB Student Committees

A. The PSM-MB students will make the initial selection of, and subsequent changes to, their non-thesis committees, in consultation with the Director of the PSM-MB program. Final approval of the committee's membership is at the discretion of the SMB Associate Director for Graduate Programs, who will sign the necessary Graduate School forms, on behalf of SMB.

B. Non-thesis committees for PSM-MB students

1. The chair of the PSM-MB student's non-thesis committee must be a SMB tenured or tenure-track faculty or a SMB non-tenure track clinical faculty, approved as a Graduate Faculty member in the PSM-MB program. The chair cannot be a non-tenure track research faculty.
2. The committee must have at least three WSU faculty members. At least two of the three faculty members must be Graduate Faculty in the PSM-MB degree program with a minimum of one being an SMB tenured or tenure-track faculty.
3. The third member may be from within SMB or from another WSU program, but he/she must hold Graduate Faculty status in his/her own program.
4. If two of the committee members are related to each other (e.g., married), the committee must have an additional faculty member.
5. Faculty or Ph.D. level scientists, external to WSU, with appropriate expertise may be approved to serve as a fourth member of PSM-MB students' committees. The Director of the PSM-MB degree program shall forward the signed 'External Committee Member Request' form and the curriculum vitae of the proposed individual to the SMB Associate Director for Graduate Programs, who will attach these documents to the Committee Request form and submit the package of materials to the Dean of the Graduate School for final approval. If the external member is a non-tenured/tenure track faculty member, an additional rationale statement is necessary on the 'Committee Request' form.
6. In accordance with the Graduate School's Policy and Procedures, a student may not serve on another student's committee.
